

Animal Checklist  
Florida District

**The Wild in Wildlife** This animal checklist includes amphibians, reptiles and mammals observed on the offshore islands, on the mainland and in the waters of Gulf Islands National Seashore. These habitats provide resting, feeding and nesting areas for a variety of wildlife. Federal laws protect all wild animals within the park. Please keep wildlife *wild* by not feeding or harassing them. Offering food is unhealthy for the animal and potentially unsafe for you. An unrestrained pet can harm wildlife and destroy their habitat, while possibly endangering the pet. By protecting the park’s natural resources, the National Seashore will be preserved for all to enjoy.

**For Your Eyes Only** Although the numbers of certain animals such as raccoons are abundant, they are seldom seen during the day due to their nocturnal behavior. Sharp eyes and ears will help you discover wildlife. The best time to view amphibians is in the evening or following rain. Reptiles are easily observed in the afternoons during the cool months, while mammals are best spotted in the early morning and evening hours. The National Seashore is listed as a National Watchable Wildlife Area. Please report new discoveries to park staff.

Key	Abundance	Habitat	Status - Federal (F) & State (S)
	C = Common U = Uncommon R = Rare	I = Island M = Mainland A = Aquatic	T = Threatened E = Endangered SSC = Species of Special Concern

Amphibians

Frogs

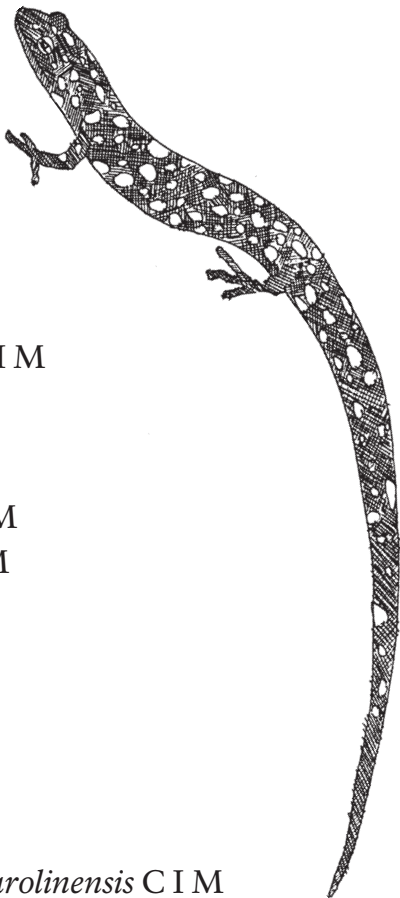

- ☐ Southern Cricket Frog *Acris gryllus* C I M
- ☐ Green Treefrog *Hyla cinerea* C I M
- ☐ Pine Woods Treefrog *Hyla femoralis* C I M
- ☐ Barking Treefrog *Hyla gratiosa* C M
- ☐ Squirrel Treefrog *Hyla squirella* C I M
- ☐ Ornate Chorus Frog *Pseudacris ornata* C M
- ☐ Pig Frog *Rana grylio* C I M
- ☐ Southern Leopard Frog *Rana utricularia* C I M

Salamanders and Newts

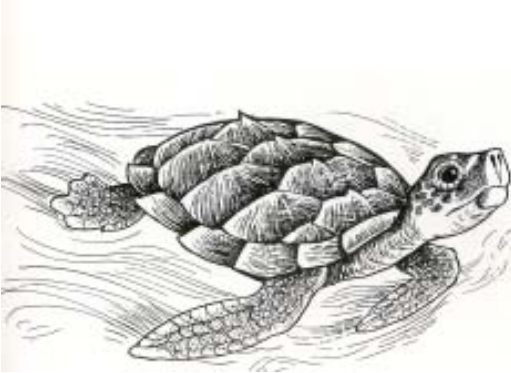

- ☐ Two-Toed Amphiuma *Amphiuma means* C M
- ☐ Eastern Newt *Notophthalmus viridescens* C M
- ☐ Slimy Salamander *Plethodon glutinosus* C M

Toads

- ☐ Oak Toad *Bufo quercicus* C M
- ☐ Southern Toad *Bufo terrestris* C M
- ☐ Eastern Narrowmouth Toad *Gastrophryne carolinensis* C I M

Reptiles

Key

Abundance

C = Common  
U = Uncommon  
R = Rare

Habitat

I = Island  
M = Mainland  
A = Aquatic

Venomous = V

Status -  
Federal (F)  
State (S)

T = Threatened  
E = Endangered  
SSC = Species of  
Special Concern

Turtles

- ❑ Loggerhead Sea Turtle *Caretta caretta* C I A T(S & F)
- ❑ Green Sea Turtle *Chelonia mydas* U I A E(S & F)
- ❑ Snapping Turtle *Chelydra serpentina* C I M
- ❑ Leatherback Sea Turtle *Dermochelys coriacea* R I A E(S & F)
- ❑ Gopher Tortoise *Gopherus polyphemus* R M SSC(S)
- ❑ Eastern Mud Turtle *Kinosternon subrubrum* C I
- ❑ Kemp's Ridley Sea Turtle *Lepidochelys kempii* R I A E (S & F)
- ❑ Common Cooter *Pseudemys floridana* C I M
- ❑ Eastern Box Turtle *Terrapene carolina* U I
- ❑ Slider *Trachemys scripta* C I M

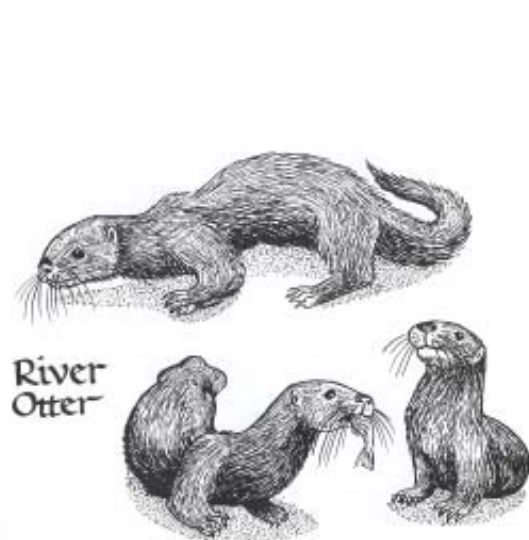

Alligator, Lizards and Skinks

- ❑ American Alligator *Alligator mississippiensis* R I M SSC(S) T(F)
- ❑ Green Anole *Anolis carolinensis* C I M
- ❑ Six-Lined Racerunner *Cnemidophorus sexlineatus* C I M
- ❑ Mole Skink *Eumeces egregius* C M
- ❑ Broadhead Skink *Eumeces laticeps* C I M
- ❑ Eastern Glass Lizard *Ophisaurus ventralis* C I M
- ❑ Southern Fence Lizard *Sceloporus undulatus undulatus* C M
- ❑ Ground Skink *Scincella lateralis* C I M

Snakes

- ❑ Cottonmouth *Agkistrodon piscivorus* C I M V
- ❑ Scarlet Snake *Cemophora coccinea* R I
- ❑ Southern Black Racer *Coluber constrictor constrictor* C I M
- ❑ Eastern Diamondback Rattlesnake *Crotalus adamanteus* C I M V
- ❑ Corn Snake *Elaphe guttata guttata* C I M SSC (S)
- ❑ Southern Hognose Snake *Heterodon simus* C M
- ❑ Coachwhip *Masticophis flagellum flagellum* C I M
- ❑ Eastern Coral Snake *Micrurus fulvius fulvius* C M V
- ❑ Plainbelly Water Snake *Nerodia erythrogaster* R M
- ❑ Yellowbelly Water Snake *Nerodia erythrogaster flavigaster* U M
- ❑ Southern Water Snake *Nerodia fasciata* C I M
- ❑ Banded Water Snake *Nerodia fasciata fasciata* U I M
- ❑ Florida Green Water Snake *Nerodia floridana* U M
- ❑ Brown Water Snake *Nerodia taxispilota* C M
- ❑ Rough Green Snake *Opheodrys aestivus* C M
- ❑ Pigmy Rattlesnake *Sistrurus miliarius* C M V
- ❑ Redbelly Snake *Storeria occipitomaculata* R M
- ❑ Southeastern Crowned Snake *Tantilla coronata* R M
- ❑ Eastern Ribbon Snake *Thamnophis sauritus sauritus* C I M
- ❑ Common Garter Snake *Thamnophis sirtalis* C M

Mammals

- ❑ Virginia Opossum *Didelphis virginiana* C I M
- ❑ Eastern Mole *Scalopus aquaticus* C M
- ❑ Little Brown Myotis (Bat) *Myotis lucifugus* C M
- ❑ Nine-Banded Armadillo *Dasypus novemcinctus* C I M
- ❑ Eastern Cottontail (Rabbit) *Sylvilagus floridanus* U I M
- ❑ American Beaver *Castor canadensis* R M
- ❑ House Mouse *Mus musculus* U I M
- ❑ Eastern Woodrat *Neotoma floridana* C M
- ❑ Marsh Rice Rat *Oryzomys palustris* U M
- ❑ Cotton Mouse *Peromyscus gossypinus* U M
- ❑ Santa Rosa Beach Mouse *Peromyscus polionotus leucocephalus* U I
- ❑ Perdido Key Beach Mouse *P. polionotus trissyllepsis* R I E(S & F)
- ❑ Black Rat *Rattus rattus* U I M
- ❑ Eastern Gray Squirrel *Sciurus carolinensis* C I M
- ❑ Hispid Cotton Rat *Sigmodon hispidus* C I
- ❑ Coyote *Canis latrans* R M
- ❑ Common Gray Fox *Urocyon cinereoargenteus* U I M
- ❑ Red Fox *Vulpes vulpes* U I M
- ❑ Black Bear *Ursus americanus* R I M
- ❑ Common Raccoon *Procyon lotor* C I M
- ❑ Striped Skunk *Mephitis mephitis* C I M
- ❑ Northern River Otter *Lutra canadensis* U I
- ❑ Manatee *Trichechus manatus* R A E(S & F)
- ❑ Bottle-Nosed Dolphin *Tursiops truncatus* C A
